ABOUT ME

I'm Abdul Hadi, a passionate Front-end Developer currently in my 6th semester of Computer Science at the University of Agriculture Peshawar. I focus on crafting seamless and user-friendly web experiences. I'm also diving deeper into MERN stack development at Saylani Mass IT Training Centre, expanding my expertise in full-stack technologies. With a keen eye for design and a love for clean code, I strive to build websites that are both functional and visually captivating

-

2021

MERN Stack Developer

- Prospected and qualified leads through cold calling, email campaigns, and networking events.
- Increased sales by 20% by implementing effective upselling and cross-selling strategies.
- Maintained up-to-date knowledge of product features and benefits to provide accurate information to clients.
- Collaborated with the marketing team to develop targeted sales materials and promotional offers.
- Provided exceptional customer service, addressing inquiries and resolving issues in a timely manner.

TEAM LEAD

I am a web developer team leader at SMIT. I have strong front-end development expertise, which enables me to effectively mentor and guide my team. I am expert in HTML, CSS, JavaScript, React, and other newer web technologies. My responsibilities include project management, maintaining high-quality code, and creating a cooperative learning environment.
