ABOUT ME

I'm Abdul Hadi, a passionate Front-end Developer currently in my 7th semester of Computer Science at the University of Agriculture Peshawar. I focus on crafting seamless and user-friendly web experiences. I'm also diving deeper into MERN stack development at Saylani Mass IT Training Centre, expanding my expertise in full-stack technologies. With a keen eye for design and a love for clean code, I strive to build websites that are both functional and visually captivating

-

2021

MERN Stack Developer

- Prospected and qualified leads through cold calling, email campaigns, and networking events. Increased sales by 20% by implementing effective upselling and cross-selling strategies.
- Maintained up-to-date knowledge of product features and benefits to provide accurate information to clients. Collaborated with the marketing team to develop targeted sales materials and promotional offers. Provided exceptional customer service, addressing inquiries and resolving issues in a timely manner.
-

TEAM LEAD

I am a web developer team leader at SMIT. I have strong front-end development expertise, which enables me to effectively mentor and guide my team. I am expert in HTML, CSS, JavaScript, React, and other newer web technologies. My responsibilities include project management, maintaining high-quality code, and creating a cooperative learning environment.
